

This is ENDURING

Primary School brings to mind different images and memories for different people. For some people, it might be learning to read, discovering writing for a purpose or conceptually understanding a math skill. For others, it might be mixing paint, or dramatic play on the playground, or the sound of students picking up musical instruments for the first time.

All of these things are a part of Primary School at Hong Kong Academy. But the enduring hallmark of the HKA experience is the focus on the whole-child, especially the development of the socio-emotional skills that create and sustain healthy relationships. HKA students never cease to amaze me with their compassion, honesty, gentleness, curiosity, patience and gratitude. They treat themselves and each other with respect. They know what it means to be a good friend and they reach out to those who need friends. New students at HKA don't stay new for long. Everyone finds a friend at HKA.

Come make a friend at HKA!

Warmly,

Virginia Hunt
Primary School Principal
